

A LETTER TO THE PARENTS

Dear Parent or Guardian,

Roughly 5,760 children become orphaned or abandoned every day and the global population of orphaned, abandoned and vulnerable children is estimated to be between 130-210 million – caused by extreme poverty, HIV/AIDS, war, disease, and famine. The numbers might be impossible to comprehend, but these are not just numbers; they are sons and daughters. Orphaned, abandoned and vulnerable children have many needs, and one of the most basic is a clean, healthy, comfortable place to sleep. What if your kids could help to provide some of those beds?

They can! On (date) we'll be having a fun event called the Sweet Sleep Pajama JAM! This will be a fun night where your kids can wear their pajamas as we learn about the needs of orphaned, abandoned and vulnerable children, make some fun crafts and collect an offering to help kids in Uganda. Through our offering, Sweet Sleep will provide beds that will keep children in northern Uganda from sleeping on bare dirt floors, or will keep children from sleeping on scraps of dirty foam or cardboard on the concrete floors of orphanages in Kampala. Children in Uganda are very susceptible to the dangerous and potentially deadly disease of Malaria, so every bed Sweet Sleep provides in Uganda comes with a life-saving mosquito net. Sweet Sleep also provides a Bible with every bed.

Sweet Sleep has provided over 24,500 beds to the worlds orphaned and abandoned children since 2003. For as little as \$50*, Sweet Sleep can provide a bed and a Bible to

a child in Uganda. Our goal is to help ____ of these children. We look forward to a fun night of praise, worship, crafts and more with your kids at Pajama JAM!

If you have any questions about the project or our pj night, contact me at _____.

Sincerely,

*Some beds may cost more, depending on the specific location and needs.

Sweet Sleep®
